

VICTIM COMPENSATION PRESENTATION

WHAT IS VICTIM COMPENSATION?

**HOW DOES THE PROGRAM ASSIST VICTIMS OF
VIOLENT CRIMES?**

WHO IS ELIGIBLE?

***Victims of crimes have certain rights under
Massachusetts Law***

If you are an advocate, service provider, law enforcement specialist, or someone whose work entails assistance to victims of crime, this is an opportunity to get first-hand information on this very important community resource.

Please join us for a presentation about this vital resource available to victims of crime in the Commonwealth. A staff member from the Victim Compensation Division in the Attorney General's Office will impart information regarding the program, and of course, answer questions you may have.

If you or your staff members are interested in attending, please contact us at: 617 963-2913
